Professional Summary

Proficient in building responsive, user-focused web applications using modern technologies including React.js, Node.js, Express.js, and MongoDB/MySQL. Experienced in designing RESTful APIs, implementing authentication, and managing state with Redux. Skilled in integrating frontend and backend for seamless performance, and deploying applications using platforms like Vercel, Netlify, and AWS. Focused on writing clean, scalable code and delivering intuitive user interfaces with strong attention to performance and accessibility. Brings over 5 years of experience in CMS management, project development, and client-facing roles.

Professional Experience

Web Development Intern
Unified Mentor Private Limited – Haryana, India . Remote
08/2024 – 11/2024

- Developed and launched 6+ responsive web apps, improving load speed by 25% and user engagement.
- Participated in 4+ Agile sprints, collaborating in a 5-member remote team to deliver key features on time.
- Debugged and tested cross-browser functionality to maintain high-quality user experience.
- Maintained clean Git workflows and published regular updates to GitHub.

Junior Project Manager
ITS (Innovative Travel Solutions) – Riga, Latvia . On-site
12/2022 – 01/2024

- Supervised a sales team of 12 agents; implemented KPI tracking that increased lead-to-sale conversion rate by 18% within 6 months.
- Managed projects using Jira, proactively identifying and managing risks.
- Leveraged MS Office to track KPIs, monitor leads and revenue metrics, create dashboards, and calculate commissions.
- Conducted 15+ CRM onboarding sessions and product walkthroughs, reducing new team member ramp-up time by 30%.

Tourism Information Consultant
ITS (Innovative Travel Solutions) – Riga, Latvia . On-site
06/2022 – 11/2022

- Provide consultations on issues related to the travel industry by maintaining successful customer relationships.
- Processed 300+ travel bookings via Apollo, Amadeus & Sabre; introduced templates that cut booking time per client by 20%.

- Prepare reports, analyse the performance of different travel projects and improved service quality by 20%.

Logistics Operations Manager
Richmark Group – Bengaluru, India . On-site
02/2021 – 05/2022

- Designed and implemented logistics plans coordinating suppliers, warehouses, and sites.
- Oversaw distribution, optimized inventory, and reduced waste by 15%.
- Led logistics optimization across 3 regional hubs, reducing delays by 25% and saving an estimated $12K/year through risk mitigation.

Independent Freelance Contractor
UBS (Universal Business Systems) – United Kingdom . Remote - Freelance
02/2019 – 01/2022

- Managed CRM tasks and client communication independently, generating repeat business by handling both company- generated and self-sourced leads.
- Sold travel services using Apollo, Amadeus, and Sabre via ASAP tickets, handling 200+ PNRs.

Independent Travel Agent
International Travel Network– Riga, Latvia . On-site
11/2018 – 01/2019

- Built complex flight connections using Apollo GDS, Amadeus, and Sabre systems to deliver seamless travel booking experiences.
- Used travel APIs for seamless distribution and payment integration.
